Let me check today and see if I can run a new/updated ORBIT report. The system has been down and I have been unable to get an updated one. Will let you know.

Patti

Can you please send me the correct code to share with the Falcon Refinery Team. The special accounts (TR2 and TR2B) for the site are very low and I need to conserve/use the remaining funds for travel to the site and fund the ongoing RI report. I may also need for Team members to go back and amend their People Plus from (TR2 and TR2B) to T.

Thanks
